ABOUT THE PACKAGE

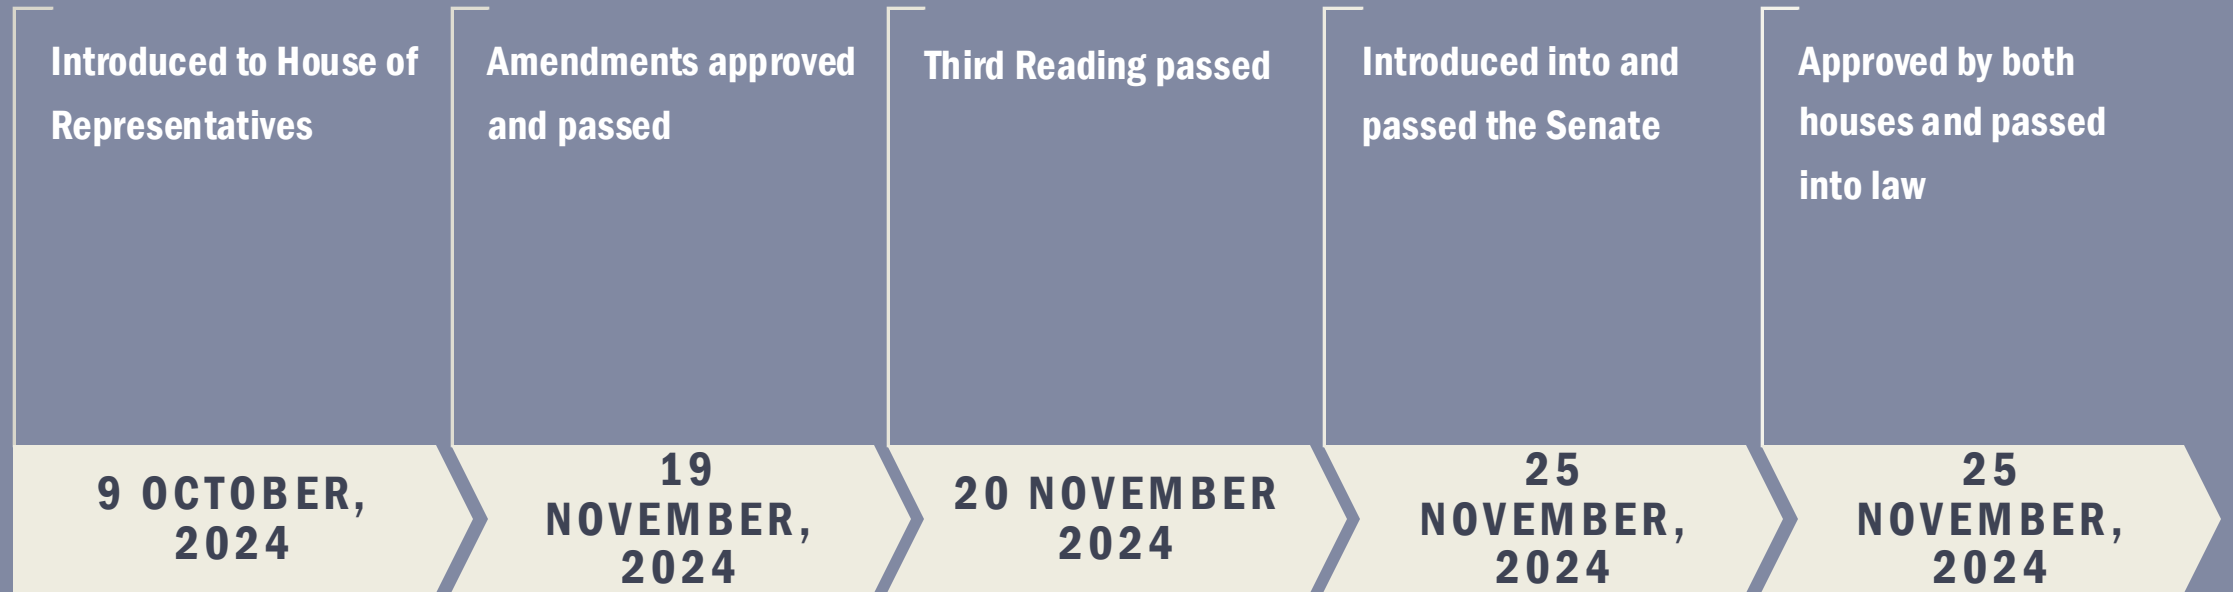

ORIGINATED IN THE HOUSE

- Passed three readings in both House of Representatives and Senate
- referred to the Parliamentary Joint Committee on Intelligence and Security (PJCIS) for inquiry and report by the Honorable Tony Burke 2

MADE OF 3 SEPARATE BILLS

- Cyber Security Bill 2024
- Intelligence Services and Other Legislation Amendment (Cyber Security) Bill 2024
- Security of Critical Infrastructure and Other Legislation Amendment (Enhanced Response and Prevention) Bill 2024 2

TIMELINE

WHAT THE PACKAGE ENTAILS

CYBER SECURITY BILL 2024

- Manufacturers and suppliers must meet the ministerial rules for smart devices
- Ransomware payments must be reported to the Commonwealth within 72 hours
- establish a limited use obligation to restrict the sharing of information provided to the National Cyber Security Coordinator
- establish Cyber Incident Review Board to conduct reviews after cybersecurity incidents

WHAT THE PACKAGE ENTAILS

INTELLIGENCE SERVICES AND OTHER LEGISLATION AMENDMENT (CYBER SECURITY) BILL 2024

- Make Amendments to Intelligence Services Act 2001
- apply a limited use obligation to information obtained by the Australian Signals Directorate
- implement certain measures proposed by the 2023-2030 Australian Cyber Security Strategy

WHAT THE PACKAGE ENTAILS

SECURITY OF CRITICAL INFRASTRUCTURE AND OTHER LEGISLATION AMENDMENT (ENHANCED RESPONSE AND PREVENTION) BILL 2024

- Amends Security of Critical Infrastructure Act 2018
- Consolidate security requirements for critical telecommunication assets
- Expand government assistance framework to make management of consequences and impacts of incidents easier
- enable the regulator to direct an entity to remedy a seriously deficient risk management program

WHAT ARE THE EFFECTS

- First of its kind legislation for Australia
- Brings standards for disclosure of government and manufacturers on par/above that of the UK
- Fills gaps in Australia's cyber security infrastructure

CONCLUSION

- Major passing of three bills, highly supported by all sides
- Fulfilling promises made 2023-230 Australian Cyber Security Strategy
- Australia trying to set the standard, encourage communication, and lead the world
